

LED AUXILIARY LIGHT

DOWN FACING | 375 LUMENS

The auxiliary light illuminates the work area of a back/side door or compartment, providing light where you need it. With the downward facing LEDs, the light is not shining in workers' eyes.

Applications include: Work Truck Compartment Lighting, Automotive Interior Lighting, Emergency Lighting.

FEATURE	BENEFIT
3M adhesive	Easy peel & stick application.
6" wire lead with delphi connector	Easy connection.
White, down facing LEDs	Enhanced illumination.
Low profile design	Fits anywhere.
Low power consumption	Energy efficient while providing superior illumination.
50,000+ hours LED service life	Long lasting investment, quality product.

LED AUXILIARY LIGHT

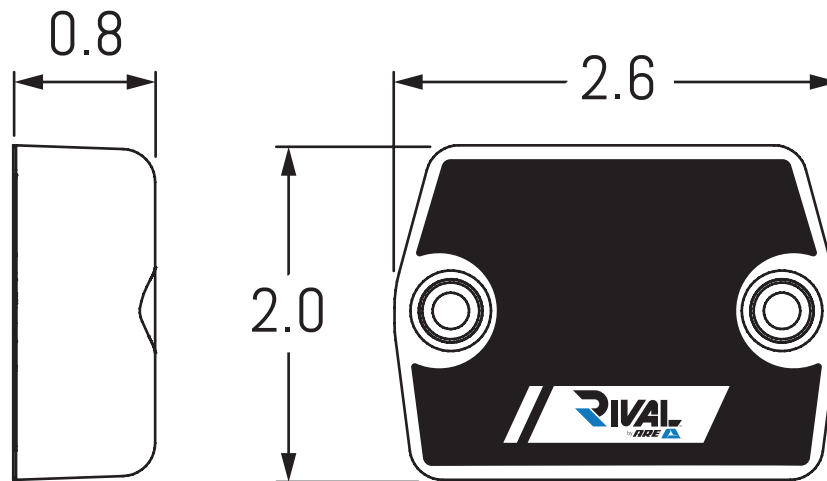

DOWN FACING | 375 LUMENS

Part #	Description	Lumens	Operating Voltage
23705-80151	LED Auxiliary Light Down Facing	375	12Vdc

Specifications:

Operating Voltage:	12Vdc
Operating Current:	200mA @ 12Vdc
Power Consumption:	24W @ 12Vdc
Temperature Range:	-40°C to +85°F
IP Rating:	IP69
Weight:	1.8oz (52g)
Connection:	Delphi 2-Way (1204 7762)
Housing:	Clear Polycarbonate
Mounting:	3M Double-Sided Adhesive Tape

A.R.E. lighting and electronic products must be fused appropriately in all instances. If you are in doubt, consult with an A.R.E. service representative at 1-800-649-4ARE or email contact@4are.com.
NOTE: Improperly fused/installed product will invalidate the warranty.
