- LED 3rd brake light
- 54" loading clearance at rear door
- Available for the 2009 and newer Ford F150 6.5' and 8' bed

Most ATV's fit in large interior

Blue Book Value – Gas Mileage Savings

Do truck caps and tonneau covers raise the resale value of trucks?

You Bet They Do!

Here are numbers we crunched on the Kelley Blue Book website: A two-year-old full-size truck, 25,000 miles, excellent condition:

- without cap or cover = \$15,505 private party
\$13,725 trade-In
- with cap = \$15,910 private party
\$14,025 trade-In
- with hard tonneau = \$15,770 private party
\$13,925 trade-In

So in this case, a truck cap added about \$265–\$305 value to the resale, while a hard tonneau cover added \$400!

Do tonneau covers affect the fuel economy of trucks?*

Yes!

If the cost of gas was \$3.75 per gallon... and if your truck averaged 15 MPG... and if monthly you drove 1,200 miles...

A 10% gas mileage savings would yield the following:

Your estimated gas mileage increase will be 1.50 MPG, making your new estimated fuel economy 16.50 MPG.

Your estimated dollar savings are:

Monthly..... \$ 27.27	5 Years..... \$1,636.20
Annually..... \$ 327.24	10 Years..... \$3,272.40
3 Years..... \$ 981.72	

* Information is based on a study conducted by Western New England College of Mechanical Engineering.

Cap & Tonneau Cover Warranty

Our Promise to You

A.R.E. warrants to the original purchaser that all fiberglass lids and caps will be structurally free from defects in material and workmanship for as long as you own it. The painted finish of your fiberglass cap or lid is covered under warranty against defects in workmanship and abnormal fading for as long as you own the product.

See your A.R.E. dealer for the complete warranty statement.
